Prayer for Our Community

- MCI requests prayer for their Graduates – That they can make meaningful memories during their last few weeks on campus. We ask for peace and joy as they process the disappointment of graduation celebrations not unfolding as they had hoped. AND also for their Transitioning Staff - Jozanna Loewen (Dean), Paul Peters (Director of Student Life), and Kathy Franz (EA). We ask for prayer over these staff members as they complete their last weeks at MCI and anticipate the changes that lie ahead. We are grateful for their service at MCI, they will be missed.
- Pray for ALL the teachers, students and staff as they navigate all the regulations and requirements.
- Pray also for the Health Care Providers.
- Pray for Doug Klassen (MCCanada's Executive Minister) and for church leaders at all levels of our conference.
- Pray for Michael Pahl, our MCManitoba's Executive Minister.

From the Pastor:

This summer AMC's worship will be centered on the theme *Nurturing Joy*. How do we nurture joy in our lives not only during a pandemic but in all seasons of life? Restrictions to keep our community safe have taken away many of the things that make life rich and meaningful. Many people say they have become unmotivated to engage with daily routines and schedules. Others have suggested that we are experiencing "Groundhog days." This is in reference the 1993 movie where Bill Murray is a reporter doing a story on local Groundhog lore. In a twist of fate, he wakes up every morning at 6:00 AM only to repeat the same day over and over. Some say there is a disconnection with life in general creating a haze of time where one day runs into the next with no sense moving forward. If you have asked what day of the week it is more than once a week this could be you. It is like a mild depression that exhausts one's motivation for basic daily plans. The stereotypical portrait of this is sitting on the couch wearing pajamas in a messy house eating junk food while endlessly binge watching TV.

Psychologists have used the term languishing to describe this condition. Even with the hope offered by the vaccines, the lingering effects of languishing for so long will be with us for months, even years. Paul's letter to the Philippians is often called his epistle of joy. Shackled in prison, possibly facing execution for his belief that Jesus is Lord and Caesar is not, the apostle Paul experiences a remarkable joy despite his dire circumstances. How can this be? But what is joy that it might be found while imprisoned?

How is it that Paul could nurture such Joy with his freedoms severely curtailed? Perhaps joy can only be nurtured when we realize the finitude of our existence in the vast unknowability of the cosmos. Paul's letter to the church at Philippi informs us how we might nurture joy in this extended time of languishing.

The Quilts bring me joy.

Colour My World With...Love I love applique, circles, and rainbows in all their meanings – love, inclusion, promise, hope.

Hearts and Tulips 3.0 – This quilt was started in 2009. I intended to do a whole quilt with the small blocks, but got caught up in many baby quilts instead. So 2.0 was to add the larger blocks to the quilt. 3.0 happened when I decided to join the sections with the appliqued vine.
